

# Cofradex Product Information Sheet

**MIC MAC**  
MAPLE SYRUP

VERMONT®  
COFRADEx APs  
Reg. Nr. 7780

## Product name:

Pure Canadian Maple Syrup

## Product description:

The flavor of this syrup is delicate with a smooth and subtle maple aroma.

Maple syrup is traditionally produced from tapping sap from maple trees in eastern Canada, and this is where our syrup comes from. It takes 40 liters of raw maple tree sap to produce just one liter of maple syrup.

## Nutritional information:

Values per 100g maple syrup:

|                                    |                    |
|------------------------------------|--------------------|
| Energy                             | 1150 kJ / 270 kcal |
| Protein                            | 0-1 g              |
| Carbohydrates                      | 66 g               |
| Of which sugars are                | 60 g               |
| Fat                                | 0-1 g              |
| Of which saturated fatty acids are | 0-1 g              |
| Dietary fibers                     | 0-1 g              |
| Sodium                             | 0-1 g              |
| Water                              | 33 g               |

Maple syrup also contains calcium, iron, magnesium, and zinc in trace amounts.

## Storage:

If closed, our maple syrup has a shelf life of 3 years at room temperature and away from light.

After opening, the syrup must be kept refrigerated and must be used within six months.

## Packaging:

Our maple syrup comes in a variety of glass bottles, plastic jugs, and metal containers as shown in the table below:

|                 |                 |                 |       |                 |              |       |                |       |                |
